

# 2010 Arbor Heights Direct Donations Drive for ART in our School

For the last 2 years, Arbor Heights has been unable to have an Art program due to funding issues. Research shows that art teaches critical skills: math, geometry, science. Art helps our children communicate their ideas in creative and meaningful way, as well as make learning fun!

By donating money for the Arts program, we can give our children an amazing opportunity and bring Art back to Arbor Heights. Depending on the success of the Arts Donation Drive, we can support an Artist in Residence program where an artist comes to our school and works with each class on individual or large projects that beautify the school. Or we can provide a sustainable art program that has been proven to work at other schools in our area. Beverly Harding Buehler, Art Educator, will come to Arbor Heights and work with our wonderful staff of teachers instructing them to integrate a drawing-based art program into the existing school curriculum. This is an integrated three year program that eventually prepares the teachers to carry on the art program on their own. Beverly uses an art program based on Art Connections, a curriculum purchased by the Seattle Public School district and available in every school.

Our goal is to raise \$10,000 needed to fund an Art program and supplies. We have already reached 20% of that goal through the Special Projects/Arts Supplies for \$2,000 voted in by the 2010 PTSA. This will supply our school with some of the permanent and consumable art supplies needed to support these programs. The more we can raise, the more robust and sustainable of an Art program we can support.

Please donate what you can towards your child's future!

For only about \$25 per student per year Arbor Heights could bring an art program back into the curriculum! Please consider making a donation of \$25 or more (sponsor a family or two!)

For the price of:

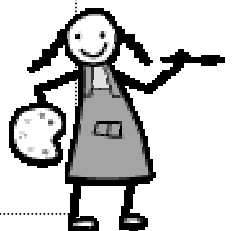

6 lattes  
One family pizza dinner  
Movie and popcorn for 2!  
½ a tank of gas

Our kids could have a solid art program!

All Donations are tax deductible. Does your company match your donations? Please consider asking them to match your funds. If you would like to spread out your donation over the next year, we have an auto-pay option for monthly or quarterly payments.

Please turn in your completed form on the other side of this page.

Yes, I would like to support the art program at Arbor Heights. I (we) plan to make this contribution in the form of: (circle one)
